Bike Europe and Beyond

TripSite specializes in Biking and Bike & Boat Tours as well as Road Bike Tours throughout Europe at truly unbeatable prices! And now we also offer a tour in the USA with more coming soon! We take great pride in offering you the best services possible and in providing you with a vacation that will be fondly remembered. To assist us in doing so, we have become an Austrian Certified Travel Specialist, an Irish and Wales Travel Specialist, a Holland Travel Professional as well as a Switzerland Network Certified Specialist and of course, a member of the League of American Bicyclists. Our tour prices are the lowest on the market and we've managed to keep them that way without sacrificing quality. We hope you'll let us take you on one of our many cycling adventures!

Experience one of our great new road bike trips!

Now you can!

Expand your possibilities! More and more electric bike (e-bike) tours being offered!

Welcome...

This past year has been the most fulfilling yet! With excitement and anticipation, we launched our new web site. Many new clients came to us and many old friends returned. We are truly grateful to everyone. This brochure is dedicated to all our wonderful "active vacationers".

Our tours are as diverse as all of you. Energized by cycling back roads and country byways, you not only explore, but also immerse yourselves in the rich and varied history of each locale.

You are barge bikers on board historic boats, open sea farers on impressive schooners, self guided cyclists following maps that lead to ancient ruins or soaring cathedrals, and road cyclists rewarded by each mountain top view. Some of you, like some of us, are not as fast as you used to be but will not give up the wonder of cycling through histories and cultures not your own. For you we have the electric bike option on more and more of our tours so that you can continue to cycle as long as you like.

We love cycling as much as you do and we enjoy offering these vacations to all of you. As you go off, we wait to hear stories and see photos and in this world of emails, Facebook, Smart-phones, and Skype, we have enjoyed getting to know each and every one!

As we enter our 13th year, we hope we make many new friends and reconnect with old. We continue to review offerings, listen to feedback and expand or make changes where changes are warranted.

So here's to many more cycling adventures on rivers, land and sea. We look forward to hearing from all of you.

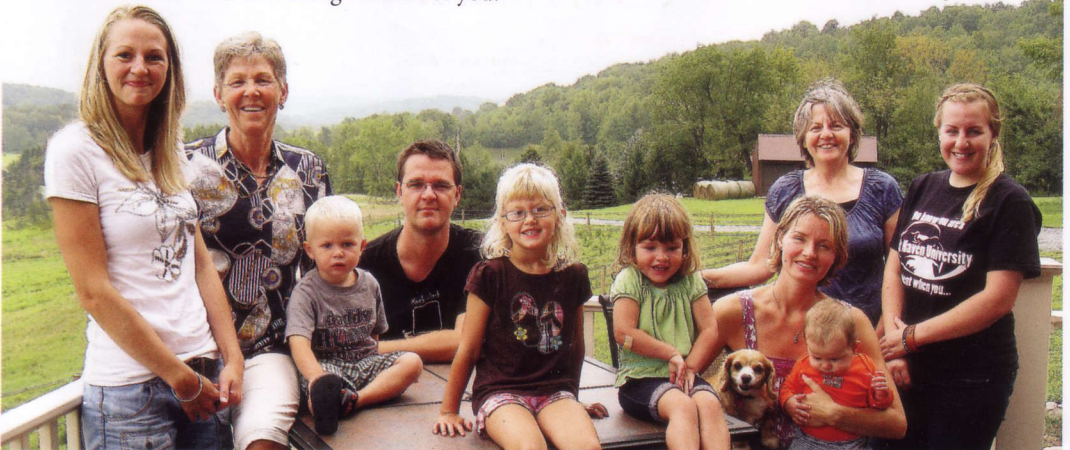

What's NEW for 2012:

- Bike & Boat - Etruscan Coast
- Bike & Boat - Baltic Coast
- More electric bike tour options
- Brand new premier boat under construction in Croatia
- Bike and Road Bike tours on the Costa Brava
